A Word About This Sale.

Herein will be found a large and interesting collection of Ancient, Mediaeval and Modern Coins, Medals and Tokens, dating from the fifth century B. C., as well as an attractive lot of United States, Confederate and other old Paper Money. There are Silver Coins of the ancient Greeks and Romans, while mediaeval England and France are well represented. Specialists in United States Gold, Silver and Copper Coins will find examples of various denominations from the half eagle of 1798 down to the modern Lincoln cents. Some very scarce items from all over the world are listed.

In view of the approach of the holidays, the one hundred odd lots of cut and polished Gem-Stones, the largest collection yet offered, being from the stock of a retired wholesaler, should interest many.

The catalogue is well worthy of your perusal.

The Lots will be on Exhibition at the Merwin-Clayton Rooms, on **Saturday, October 22d**, and on **Monday, October 24th,** up to within half an hour of the sale, which commences promptly at **2 o'clock.**

You can post yourself as to current value of the above goods by sending us 75 cents after the sale for a catalogue with prices realized marked in ink.
